Response to Amendment

1. The amendment and remarks filed 3/21/2007 are noted with appreciation.
2. Claims 1-24 are now pending.

Election/Restrictions

3. Claims 12-21 remain withdrawn from further consideration pursuant to 37 CFR 1.142(b), as being drawn to a nonelected invention, there being no allowable generic or linking claim. Applicant timely traversed the restriction (election) requirement in the reply filed on 12/6/2006.

EXAMINER'S AMENDMENT

4. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Claims 12-21 (cancelled).

Allowable Subject Matter

5. Claims 1-11 and 22-24 are allowed.
6. The following is an examiner's statement of reasons for allowance: The closest prior art, DE 1 590 958, teaches arrangement of microcapsules either around the conductive core or directly on the surface of the core, but always between the core and

the jacket. Please see the PTO translation of this document, dated 2/12/2007. As such, this reference neither teaches nor suggests independent claim 1, as-amended, which recites: "...applying a plurality of microcapsules to the second side of the insulation material [the side facing away from the conductor] or dispersing said plurality of microcapsules within said insulation material...".

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

7. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Easter (US 2005/0136257 A1) teaches a process similar to that instantly claimed, but neither teaches nor suggests the claimed microcapsules.
